

**REMARKS**

Applicant has amended chemical formula 4 at page 19 of the specification to correct a technical error. The as-filed chemical formula was a repeat of chemical formula (3), an alkylbenzotriazole, as disclosed at page 19, lines 3-4 wherein chemical formula (4) is supposed to reflect an (alkyl)aminoalkylbenzotriazole, as disclosed at page 19, line 5.

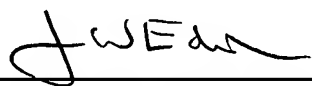

Because (alkyl)aminoalkylbenzotriazole was already disclosed at page 19, line 5, and further because the correct formula 4 is described in detail at page 20, line 6, *et seq.*, no new matter has been added by this amendment.

If there is any fee due in connection with the filing of this second Preliminary Amendment, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
